

New traffic situation

At the end of April 2022, the roundabout nearby the Stayen site was replaced by a temporary three-branch intersection for traffic between Tienen, Liège and the center of Sint-Truiden. The Zoutleeuwsesteenweg is closed until the end of June. Traffic to and from Zoutleeuw follows a diversion via Wilderen.

Accessibility from Hasselt – Liège (and Diest - Herk-de-Stad)

Traffic from the directions of Hasselt and Liège, follows the N3 Haspengouwlaan (dark blue line) and turns right before the road works, towards the parking lot of the site. Traffic coming from the direction of Diest – Herk-de-Stad can also follow this route avoid the busier Tiensesteenweg.
